

DOWNSHIFTING DOWNUNDER CONFERENCE

Have you downshifted or have you thought about making the change? Are you interested in seeing downshifting become a movement in Australia?

A conference for people who have already downshifted or are considering making the change. You will be able to meet and share experiences, develop knowledge and network and support one another.

Despite the obsession of society with material success, this event will remind us that the pursuit of something deeper is alive and well in Australia.

To be held at
